Sofia Virtuosi Chamber Orchestra

The **Sofia Virtuosi** Chamber Orchestra was founded in 2005 by the pianist and conductor **Ivan Yanakov**. The orchestra consists of predominantly young, yet professionally experienced string players. The ensemble has performed throughout Bulgaria, and has done a number of live recordings for the National medias there.

The repertoire of the group consists of pieces ranging from the early Baroque period through modern music. The musicians are fine instrumentalists. Their willing to learn new repertoire and experiment with different music styles, as well as the small size of the orchestra, add to their flexibility both in transportation and means of using them for different types of music events.
